## EXPERIENCE

Senior Software Engineer | Oracle Corporation, Hospitality FLCC 2022 – Present · Chennai

- Spearhead the architecture and localization of fiscal and compliance engines across global markets, ensuring 100% regulatory adherence for multi-tenant Oracle Hospitality cloud products.
- Configured and maintained CI/CD pipelines using Jenkins and SonarQube to enforce code quality and automate build, test, and deployment workflows.
- Engineer high-throughput, fault-tolerant API services; architected a Selenium-based automated regression suite that eliminated critical production regressions.
- Built a GenAI chatbot POC with RAG and MCP tools leveraging OCI ADK to enhance developer and customer productivity and won HAIFIVE competition.
- Developed enterprise AI agent using **IAT(in-house wrapper framework of LangGraph)** for orchestration and **Helidon MCP** for tool exposure.
- Enabled multi-turn conversations and tool usage for complex workflows, significantly improving user experience and efficiency.

Member of Technical Staff | Zoho Corp 2019 – 2022 · Chennai

- Designed and implemented RFM segmentation and CRM automation capabilities to improve customer targeting and campaign performance.
- Delivered enhancements for Zoho Finance integration, improving data interoperability and accounting workflows.
- Single-handedly designed and built the CRM orchestration feature to streamline user workflows across the customer lifecycle.
- Contributed to B2B platform capabilities helping enterprises manage accounts, post-sale engagements, and sales-marketing alignment.

Software Engineer | Infoview Technologies 2016 – 2019 · Chennai

- Developed tools for database migration from RDBMS to NoSQL Cassandra, improving scalability and resilience.
- Built a SQL analysis tool to generate test data for unit testing, accelerating developer productivity.
- Automated dynamic SQL analysis and implementation, reducing development time by ~20% and minimizing human error.
- Created a log access and caching utility to optimize performance across heterogeneous file systems.

## EDUCATION

B.E. Computer Science and Engineering 2012 – 2016  
Anand Institute of Higher Technology, Chennai

## SKILLS

### Languages & Frameworks

Java (8+) Spring Oracle ADF  
JavaScript Python

### Cloud, DevOps & Data

OCI Kafka Kubernetes Git Jenkins  
SonarQube MySQL PostgreSQL  
Oracle PL/SQL OpenTelemetry  
Prometheus

### Quality & Automation

Selenium Unit & Integration Testing  
CI/CD

### GenAI & Agents

OCI ADK Helidon MCP RAG  
LangGraph

## AWARDS

- Oracle Productivity Award** – Winner at HAIFive'25 Hospitality AI Innovation Fest for high-impact AI innovation in productivity and value creation.
- AI Trailblazer** – Recognized for proactively identifying AI opportunities, delivering impactful AI solutions, and solving real business problems to unlock value.

## CERTIFICATIONS

- Oracle Certified Professional (OCJP), Java SE 6
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
